25X1A (1) **Comments.**
 A number of elements of the 6th Gds Mecz Div and headquarters units of the Fourth Gds Mecz Army are stationed in the Eberswalde Schuetzen Kaserne and Artillerie Kaserne, according to periodic reports. A large percentage of these units, primarily of those in the Artillerie Kaserne, started leaving for the Templin training grounds in mid-April 1950. [REDACTED] Troops and motor vehicles of the 7th Gds Mecz Div, the 10th Gds Mecz Tank Div and the 25th Tank Div were detrained in Eberswalde and moved into a barracks between 25 and 28 April 1950. [REDACTED] It is considered possible that only some of these units went to Templin, while training units of all divisions of the Fourth Gds Mecz Army remained in the Schuetzen Kaserne, which may be the training center of the Fourth Gds Mecz Army, as the numerous recruits observed in Eberswalde were seen drilling there. [REDACTED] This assumption would account for the unusually heavy occupation of the Schuetzen Kaserne in mid-May 1950.

(2) The Artillerie Kaserne was reported by the same source to be lightly occupied in mid-April 1950. The report checks with previous information on the transfer of units from this barracks to Templin.

(3) possibly the movement to Templin of an Eberswalde unit (headquarters units of the Fourth Gds Mecz Army according to the reported motor vehicles.)

25X1C (4) [REDACTED] was on several documents from Eberswalde. [REDACTED] is assigned to the Eberswalde 17th Gds Mecz Regt of the 6th Gds Mecz Div, which was confirmed there by another source up to 16 March 1950. [REDACTED] confirms the 62nd Gds Tank Regt of the 10th Gds Tank Div up to 7 April 1950. The regiment's home station is Kramnitz or Brandenburg.
